Application Form - Homeowners Recovery and Resilience Grants

* indicates a required field

General Information

The Commonwealth and Western Australian Government are jointly providing eligible owners of residential properties whose *dwelling*s have been damaged or destroyed by the *flood waters* associated with Cyclone Ellie, a reimbursement grant of up to \$50,000 to improve the resilience of their dwelling against future disaster events.

There are two parts to the program:

- **Recovery Grant Component:** This program assists homeowners in restoring their damaged or destroyed homes to their original state. It provides financial support for clean up, repairs, and rebuilding, regardless of whether the home is insured or not. It covers expenses that insurance doesn't pay for and even helps when the insurance payment falls short of the repair costs.
- **Resilience Grant Component:** For dwellings affected by Cyclone Ellie (flooding), this component helps homeowners make improvements to their dwelling to make them more flood resistant.

Only one application can be made per eligible dwelling.

You do not need building insurance to apply for this grant.

Eligibility Criteria

To be eligible to apply for the grant an applicant must:

- Be the owner of the dwelling at the time of the event (5 January 2023) or within the six months prior to the event.
- Have had their dwelling located within one of the following local governments areas:
 - Shire of Broome
 - Shire of Halls Creek
 - Shire of Derby-West Kimberley
 - Shire of Wyndham-East Kimberley
- Have had their dwelling damaged or destroyed by flood waters associated with Cyclone Ellie.
- Have been using their dwelling as a usual place of residence at the time of the event (5 January 2023) or within the six months prior to the event.
- Have not previously received a Homeowners Recovery and/or Resilience Grant for this disaster event.

Ineligible applicants include, but may not be limited to:

- Homeowners who apply via a business entity, whether private or public, where the business meets the Australian Taxation Office definition of a large business.

Department of Fire and Emergence Services reserves the right to decline applications where it would be reasonable to conclude the applicant has the means to undertake eligible works.
